

The Physicians Advocate

The Physicians Advocate is the preferred broker of medical malpractice insurance for the Emergency Medicine membership of FCEP.

The Physicians Advocate represents many malpractice insurers doing business in Florida. They work with traditional insurers, physician-owned insurers, surplus lines companies and Risk Retention Groups.

The Physicians Advocate will help you identify the approach which works best for you with creative structuring including:

1. Do you isolate your Fast-Track visits for a lower rate on this part of your risk,
2. If you are priced on a per-physician basis, you might find considerable savings with an outpatient visit or Full-time equivalent approach,
3. If you are willing to assume a degree of risk in the form of a deductible or self-insured retention, your cost can go down substantially.

Contact us for a consult, the Physicians Advocate will give you an honest appraisal of the options and choices you may not have known were available to you.

You will have direct access to their senior representative.
